Rejoice in the Bounty of Allah

Satan wants all people to be taken to hell with him, and the disbelievers wish that all people be engaged, like them, in disbelief, misguidance, and sins, as Allah, the most Wise and the Prudent says: "Many of the people of the Scripture would love to turn you back after your having believed, into disbelievers, out of selfish envy, and after the truth has become apparent to them." [al-Baqara: 109] The enemies of Islam desire the same for the Muslims, but they are not merely content with this, rather they strive for it and try to force people into disbelief and turn the Muslims away from their religion. Allah says: "and they fight until they turn you back from your faith if they can." [al-Baqarah: 217]

Allah ﷻ guides some of His servants and chooses them for His Straight Path. Holding firm to the religion, they are like the pillar of the religion. Know that, whether they are bent or broken in the world, there will be no one left except Allah as the savior of the Islamic Ummah. They live for Islam and are killed for the rule of Islam throughout the lands. They are the respectful ones, not the allies of Shaytan and not the friends of the disbelievers. Rather, they are their harshest enemies, disbelieving in them, openly declaring their enmity towards them, and fighting them with their tongues and swords.

Guidence of the Islamic State in the "Right Path" is that bounty of Allahﷻ, which no blessings can reach and this bounty will become clear to us when we look at the people possessing envy, enmity, and hatred towards the Islamic State. After all, what is the reason for their envy?!

From the very beginning, the Islamic State adopted the policy of the Khilafah based on the Prophetic methodology, although that did not please the tawagheet of the time as they tried their best to prevent the return of the Khilafah. Accordingly, the Islamic state held firm on to Jihad in the way of Allah for the establishment and the defense of the Khilafah, because without it, it is impossible to establish the complete religion. Allah says: "Fight the disbelievers until there is no more persecution and the religion is wholly for Allah."[al-Anfal: 39] And we have not found any path for the people to follow, and for the religion to be wholly for Allah, other than Jihad inside the Book of Allah and in the Sunnah of His Messenger. Other than fighting the disbelievers, we do not find any way to intimidate the disbelievers, to stop the oppression of the Muslims by the hands of the disbelievers, and to preserve the honor of the Muslims. Allah says: "What has happened to you that you do not fight in the way of Allah and for the salvation of the weak and down-trodden men and women and the children." [an-Nisa: 75] Allah also says: "Are you afraid of them? Nay, Allah is more worthy that you should stand in awe of Him if you be (true) believers." [at-Taubah: 13] There is no reason for the disbelievers and hypocrites to hate the Islamic State, other than this that we are fighting for Allah's laws; which causes their irritation greatly. If that is not the case, why don't we see the shameless apostate awakening the 'failed' groups, and the vicious organizations enforcing Allah's Shari'a after the Khilafah, as per Allah's decree, lost territories and cities in Libya, Iraq, Sham, and Khurasan ? What have they preferred instead of ruling by the Shari'a?! Don't they rule by the laws of disbelief and ignorance?! Didn't the leaders of the Islamic State say that these apostate awakenings are fighting against us only because of Allah's Shari'a and if Allah ﷻ decides to put an end to the rule of the Islamic State, you will not see the rule of Allah ťShari'a anywhere?! Certainly what the Islamic State leaders and commanders used to intimidate the people with has become the reality.

Eventually, the thoughtful ones will be able to realize which arguments have been established against the dominating factions, groups, and apostate awakenings after the tactical retreat of the Islamic State, for only minimal intellect will suffice for them to figure out the reality of the ongoing war of these apostate factions against the Islamic state and the objectives of these apostate factions, so called awakenings, and coalitions for confronting the Islamic State.

The establishment of the Islamic State was a dream which has turned into visualization in the broad daylight today, and all praise is due to Allah. Many groups and factions thought that the Khilafah is just a mere slogan, claim, and call that will attract the people and wander around cities and ears for a while. But this is not the case at all. What will happen to them is what happened to the Prophets (peace and blessings of Allah be upon them) as Allah says: "And community strove to seize their Messenger with a mind to destroy His mission. And they had begun arguing (with them) by means of false reasoning that they might thereby refute the truth. " [Gafir: 5]

The establishment of the Khilafah upon prophetic methodology is not within the capability of everyone, except for those whom Allah ﷻ has chosen, so that they may endure the hardships and difficulties in this cause.

Guidance in the way of Allah is a blessing which the disbelievers and their allies are not capable of preventing by their hatred, plots, or force. Allah says: "Lest the people of the Scripture should think that they (the Muslims) have no control over the attainment of the grace and bounty of Allah and that grace and bounty is entirely in the hands of Allah; He bestows it upon such as wishes to be granted. And Allah is the Lord of immense grace and bounty." [al-Hadid: 29]

And this is the grace and mercy of Allah ﷻ that people should rejoice in as Allah says: "Say, 'All this (the revelation of the Qur'an) is through the grace of Allah and His mercy. In this, therefore, let them rejoice, (because) this (Qur'an) is better than all those they hoard." [Yunus: 58] Ragarding this verse, the commentators say: "Islam to which they are invited and the Qur'an which has been revealed to them is better than the wealths, riches, and treasures of the world which they amass." Virtues of Qur'an, the application of the rulings of Qur'an, the practice upon the Qur'an in the lives of the people, response to the call of Qur'an through fighting in the cause of Allah, belief in the Oneness of Allah, and the love for His friends and the hate for His enemies, are all among the mercy and blessings that Allah bestows on him who is more worthy of those and worthy to be pleased by Him ﷻ. So, O conquerors of the Khilafah! Rejoice in the blessings bestowed by Allah ﷻ, rejoice in your hearts as you are the pride of the Muslims, the flames of the fire for the disbelievers, the guardian of the honor of the Muslims, and the ones who have brought back the lost honor of the Muslims, and the lands will be brought back to you as long as you hold firm to this great religion of Allah, and the rocks will bend towards you, and people from all directions will gather around you, out of love for you or fear of you. So, hold firm to this religion as long as you are alive, and if you die, die willingly for the religion, and know that, Allah ﷻ is your friend, and He ﷻ is the best Friend and the best Helper.

Our Days after Ramadan

Praise be to Allah, the Giver of blessings, the remover of curses, and prayers and peace be upon our Prophet Muhammad, and His family and companions, the pious and valuable.

As soon as the sun of Ramadan sets, the people have divided into two groups, the winners, Ramadan is for them is a comfort and a guide, and the deprived who are as surprised by its appearance as by its entrance. And people's days after Ramadan are different, some of them go back to the way they were before Ramadan! And some of them are in great goodness after Ramadan.

And the predecessors, may Allah have mercy on them, did not rely on what they did in Ramadan, instead, they were fearful that Allah would not accept them and feared that they would be among the deprived. The Almighty said: {And they who give what they give while their hearts are fearful because they will be returning to their Lord}

Ibn Kathir, may Allah have mercy on him, said, meaning that they, with their benevolence, faith, and righteous deeds, Allah has pity on them, and they are afraid of Him, and are worried of His cunning, as al-Hasan al-Basri said, "The believers are a combination of kindness and compassion, and the hypocrite is a combination of abuse and cruelty."

It was narrated on the authority of Ali, may Allah be pleased with him, that he used to call out on the last night of the month of Ramadan: "Oh, I wish I know who is this accepted one, so that we would congratulate him, and who is the deprived one, so we would console him." And on the authority of Ibn Masoud, may Allah be pleased with him, that he used to come out on the last night of Ramadan, and he would call: who is the accepted one, so we congratulate him, and who is the deprived that is rejected tonight, we console him. And that became a calamity because the deprived in Ramadan was afflicted by the call of Jibril and our Prophet, prayers, and peace be upon them because he is farther after Ramadan from good deeds and success than before Ramadan."

The behaving according to his intention after Ramadan

The first people to benefit from Ramadan are those who have decided to reform their conditions in Ramadan and after Ramadan. As for the one who chose to return to his disobedience, then he is one of the losers. Imam Ibn Rajab, may Allah have mercy on him, said: "As for responding to the blessing of success, such as fasting during the month of Ramadan, by committing sins after it, this is the one who exchanged the blessings of Allah with blasphemy, if he had decided in his fast to repeat the sins after the end of the fast, then his fasting is rejected and the door of mercy in his face is closed! Ka'b said: Whoever fasts Ramadan while deciding that after the end of the fasting, he will not disobey Allah, he will enter Paradise without a question or account, and whoever fasts Ramadan while thinking that if he breaks his fast, he will disobey his Lord, then his fasting will be rejected"

And the days of righteousness after Ramadan are obedience and worship, as Ramadan is a motivator for them, and its period is an ascent in the levels. As for those who stopped worshiping and abandoned the Qur'an after Ramadan, they are those who do not know Allah. It was said to Bishr al-Hafi: people worship in Ramadan and strive in deeds, and when it is over, they stop! He said: Evil people are people who do not know Allah except in Ramadan."

Omar bin Abdul Aziz, may Allah have mercy on him, went out on the day of Eid al-Fitr and said in his speech: "O people, you fasted for Allah thirty days and prayed thirty nights and went out today asking Allah to accept from you." Ma'ali Ibn al-Fadl said: They used to pray to Allah Almighty for six months that Ramadan would reach them, and they prayed for six months to be accepted from them." Yahya bin Abi Kathri said: one of their prayers was: "O Allah, deliver me to Ramadan, deliver Ramadan to me, and receive it from me with acceptance."

The predecessors after Ramadan

And the reality of Eid according to our ancestors among the imams, may Allah have mercy on them, indicates the good jurisprudence for the days of worship after Ramadan. Abu Mansour al-Shriazi said in his assembly in the Holy Sanctuary on the day of Eid: "Eid is not for the one who is eating, but for the one who is forgiven." Ibn Rajab says: "Eid is not for the one who wears new clothes." Eid is for the one whose obedience increases, Eid is not for the one who beautifies himself with dress and ride, but Eid is for the one whose sins are forgiven. On the night of Eid, forgiveness is divided among the slaves, and whoever obtains something from it has Eid, otherwise, he is expelled far." On the authority of Mufaddal bin lahiq Abi Bishr, he said: I heard Uday bin Artah giving a speech after the end of the month of Ramadan, saying: "It was as if a liver had not been thirsty, and an eye had not been awake, so the thirst has gone, and the reward has remained. I wish I know who is accepted, so we would congratulate him, and who is rejected, so we could console him. As for you, the accepted one, you are blessed, and as for you, the rejected one, may Allah redress your misfortune, then he cries and cries.

Ibn al-Jawzi says: "Eid is not a dress that drags, nor food is eaten with a gluttonous mouth. But Eid is the repentance of a repentant sinner who is pleased with the arrival of an absent heart." Al-Hasan Al-Basri said: "Allah made the month of Ramadan an arena for his creation in which they race in obedience to His pleasure. Some people excelled and won, and others failed, so they were disappointed, it is astonishing about the laughing player on the day when the doers of the good win and the wrongdoers lose." A man entered upon the Commander of the Faithful Ali, may Allah be pleased with him, on the day of Eid al-Fitr, and he found him eating bread with coarseness, so he said: O Commander of the Faithful, it is a day of Eid and coarseness bread! Ali said: Today is the Eid of whose fasts and prayers were accepted, it is the Eid of those whose sins are forgiven, and their deeds are accepted".

Acceptance signs

So be my Muslim brother in righteous deeds, a worker who hopes for Paradise and works his whole life for the pleasure of his Lord, Glory be to Him. And the righteous servant does not stop working after Ramadan, but rather increases his efforts in the hope that Allah will accept from him what he did in Ramadan and that this will be his temperament and perseverance, on the authority of Muhammad bin Yazid, who said: I saw Wahib bin Al-Ward praying on the day of Eid, and when the people left they began to pass by, so he looked at them Then he exhaled and then said: these people became certain that this month of theirs had been accepted from them, they should have been busy by giving thanks for what they are in, they should have become busy and occupied." And some of the predecessors said: the reward of a good deed is a good deed after it, and the recompense of a bad deed is a bad deed after it, and the good deed says my sister, my sister, so make the good deeds a succession and the good deeds a continuation, for it is a sign of acceptance, Allah willing, and also fasting the six days of Shawwal. Abu Ayyub al-Ansari, may Allah be pleased with him, that the Messenger of Allah, may Allah's prayers and peace be upon him, said: Whoever fasts Ramadan and then follows it with six days of Shawwal, it is like fasting for an eternity.

Oh Allah, accept the fasting from those who fast, and from those who are standing their prayers, and from the Mujahideen in their jihad. May Allah's peace and blessings be upon our Prophet Muhammad and his family, companions, and followers.
